J. H. JOHNSON, Editor.

The Proprietors of the Commonwealth, grateful for the generous patronage which has been bestowed upon them, are determined to furnish their patrons a journal which shall be unexcelled in any of the departments which comprise a first class newspaper.

Published at the Capital of the State, it will be enabled to furnish its readers with the latest intelligence of the actions of the higher courts and of the various departments of the State. It will also contain the latest telegraphic news of stiring events, and also of the New York, Cincinnati, Louisville and New Orleans markets.

In politics the Commonwealth will be conservative, occupying a middle and antagonistic ground in reference to the two extremes. The old parties broken up, and old issues virtually dead, the vital question at present is Union or disunion. The Commonwealth is for the Union, believing it to be the greatest safeguard for our rights, as well as our most effective auxiliary in our efforts to obtain redress for our wrongs. Its conductors do not regard disunion as a remedy for any of the wrongs of the South, but rather an aggravation. It will contend for the equality of the States in the Union, and for the absolute non-interference by Congress with the domestic affairs of the States

We shall aim to make the Commonwealth an acceptable and appropriate fireside companion. It will contain selections from the choicest literature of the day, prose, poetry, &c.

The WEEKLY will be printed on extra double medium paper, in new and beautiful type. Terms, in advance, for the Tri-Weekly, \$4 per

Terms, for the Weekly \$2 per annum.

UNION DEMOCRATIC TICKET, thank you; how do you do yourself? FOR STATE TREASURER,

FOR THE LEGISLATURE,

FOR SENATE 20TH DISTRICT, JOHN KEMP GOODLOE, OF WOODFORD COUNTY. Election takes place First Monday in August.

THE CAMPAIGN COMMONWEALTH.

We will send our paper to subscribers from this time until the August election, on the be transferred to the city of New York. following terms, for eash in advance, viz: Weekly Commonwealth, for 25 cents.

Tri-weekly Commonwealth, for 50 cents. These terms are certainly low enough to enable any true Union man to read our paper. Now, friends of the Union and Constitution, send in your names and money, either for a year or for the campaign.

Why is It!

The disunion organs insist that the arms furnished the Home Guards are to be used against the people of Kentucky.

"Distributing them to one class of citizens to be used against another class of citizens of the same State" is the favorite mode of expressing it. Then it is denounced as "atrocious," "ferocious," "insidious," "felonious, and several other adjectives of doubtful moral character. Why is this? We are sure the Union party never dreamed of such a thing. A conscience oppressed with the guilt of treason might conjure up such horrors, and the inference is fair and clear that the Secession party intended to commit some outrage upon the rights of the Union men of this State, which they dare not do now. Hence their indignant wail over "Lincoln guns."

Again, it is a note-worthy fact that the Disunion organs invariably divide the people into classes. These gurs are "given to one class of citizens, to be used against another class of citizens of the same State," they say. When were the people of Kentucky divided into elasses? and who divided them? Had Knight Bickley anything to do with their classification?

A Cheerful Groan.

The elections of Thursday, we have no doubt, resulted in the success of the self-styled Union Democrats, in nearly all the districts. We have no fancy for lumbering our columnss with the imperfect details. They will doubtless be sickening enough when reported in full; but although we enough when reported in full; but although we and cannot be subjugated .- Yeoman.

It will doubtless be consoling to Simms & Co. to know that though they are repudiated and spurned by the people, the gallant and valiant editor of the Yeoman still stands erect, unconquerable, and not subject to subjugation.

THE ELECTION.—From all we can learn we are strongly impressed with the hope and belief that Mr Crittenden is elected to Congress from this district. We refer our read county. ers to the returns in another column.

If Mr. Crittenden is elected, it will be a great triumph of mind over matter. He had such a popular man to run against, backed by such a popular party, that we had well nigh despaired. Still, we think he is elected "by a scratch.

[TO BE CONTINUED.]

The last we heard of General Beauregard he was in seven places. We most respectfully suggest that the Confederates divide Col. so combined with other substances of still greater alterative power as to afford an effe tive antidote for the diseases Sarsaparilla is reputed to cure. It is believed that such a remedy is wanted by those who suffer from Strumous complaints, and that one which will service to this large class of our afflicted fello citizens. How completely this compound wi do it has been proven by experiment on many of the worst cases to be found of the following

Sooner or later something ist go wrong, and the great machinery of ife is disordered or overthrown.

Sarsaparilla has, and deserves much, the reputation of accomplishing these ends. But the world has been egregiously deceived by preparations of it, partly because the drug alone has not all the virtue that is claimed for it, but more because many preparations, pretending to be concentrated extracts of it, contain but little of the virtue of Sarsaparilla, r any thing else.

During late years the public have been misled by large bottles, pretending to give a quart of Extract of Sarsaparilla for one dollar. Most of these have been frauds upon the sick, for they not only contain little, if any, Sarsaparilla, but often no curative properties whatever. Hence, bitter and painful disappointment has followed the use of the various extracts of Sarsaparilla which flood the market, until the name itself is justly despised, and has become synonymous with imposition and cheat. Still we call this compound Sarsaparilla, and intend to supply such a remedy as shall rescue the name from the load of obloquy which rests upon it. And we think we have ground for ieving it has virtues which are irresisti by the ordinary run of the diseases it is intend ed to cure.
